PRESIDENT'S NOTE

On behalf of myself and our entire team, I want to thank you for your loyalty as an R&M customer. We are continuously working to provide our valued customers with the best products at the best prices. We would also like to share some of our other accomplishments from this past year that we are proud of.

*We're excited to have launched our new website, **www.morethanbaking.com**. Our hope is that we can offer you an exceptional buying experience as you consider which R&M products are best for your retail customers. We will continually update our "NEW ITEMS" and "BEST SELLER" categories to keep you up to date on product launches and trending items so you can offer a strong R&M assortment to your shoppers.*

Additionally, you will be seeing continuous improvements to our product packaging. Our mission is to revitalize our retail packaging to be versatile and offer multiple merchandising solutions for all categories of retail. You will see these rolling changes as we replenish our inventory. Also check out our "Merchandising Solutions" section of this catalog (pages 98-115) for new retail fixtures, CDU's and clip strip solutions for all of our products.

While we reengineer our retail packaging, we believe it is important to also understand and improve our impact on the environment. Our new packaging designs are sourced to include materials of recycled content and/or are recyclable. You will notice an FSC logo printed on our packaging, which is the gold standard designation for paper harvested from forests that are responsibly managed, socially beneficial, environmentally conscious, and economically viable.

Finally, R&M collaborates with brands to create custom cookie cutters, decorating tools, bakeware and kitchen gadgets. If you have an idea for a product and need help from an expert, please contact our product development team at sales@morethanbaking.com. We are happy to answer your questions, help you design products and utilize our established supply chain to accomplish your goals. Please also talk with us about your private label packaging needs. We can share examples of our work for well-known retailers around the world.

Sincerely,

Jason Sanders

At R&M International, customer service and satisfaction is our goal. We strive to ship orders as complete and expeditiously as possible.

Below are a few friendly reminders that will allow us to process your orders more quickly:

- Cookie Cutter sets in boxes and tins must be ordered in quantities of 3.
- All fragile items such as porcelain and ceramic must be ordered in case pack quantities to minimize damage claims. Please refer to the pages these items are on in the catalog for specific quantities per item.
- The vast majority of our cookie cutters are sold in dozens. However, some are sold by "each" and are packed in smaller than one dozen quantities. Please pay attention to this when placing your orders. For example, our large 7.5" and 8.5" cookie cutters are sold in eaches and packed in 3's.

We pride ourselves by offering the most extensive collection of cookie cutters in the industry. We make every effort to stay ahead of any trends or fads that we see, but our customers are the ones who know best. If you see a cookie cutter shape that we do not currently carry, let us know. Furthermore, we can design and manufacture most any cookie cutter you can think of, just ask. We are always open to suggestions, and have live people answering the phones. Please don't hesitate to contact us.
